About Inc. 500|5000 List

In 1982, *Inc.* introduced the Inc. 500 list of the fastest-growing privately held companies in the United States. Since then, this prestigious list of the nation's most successful private companies has become the hallmark of entrepreneurial success and the place

where future household names first make their mark. Oracle, Patagonia, E*Trade, American Apparel, Zipcar and numerous other well-known brands have been honored by the Inc. 500|5000. In 2007, the Inc. 500 list expanded to the Inc. 500|5000, giving readers a deeper, richer understanding of the entrepreneurial landscape and capturing a broader spectrum of success.

Today, the list is a distinguished editorial award, a celebration of innovation, a network of entrepreneurial leaders, and an effective public relations showcase. The Inc. 500|5000 ranks companies by overall revenue growth over a three-year period. All 5,000 honoree companies are individually profiled on Inc.com. The top 500 are featured in the September issue of *Inc.* magazine, the leading entrepreneurial advocate for 30 years running. Inc. also ranks the fastest-growing companies by industry, metro area, revenue, and number of employees, and we also highlight women- and minority- run companies.
